Shree-Lipi™

Compatible with Windows 11/10/8.1/8/7 (32 & 64-bit Applications)

Features & Benefits :

We can Import existing PageMaker files by click on Import PM File [MITPL] by using InDesign CS6.

Imported file maintain format as it is as original file.

After import we can save those files in .IDML file format. So those files can be use in higher version of InDesign also.
